19th December 2005

Shaun and Cindy Vining, proprietors of Honiton and Axminster butchers Complete Meats, focus on providing their customers with locally sourced products. “People know and trust meat from animals reared on local farms and we ensure our customers can tell which farm their meat has come from”.

Their policy has brought the couple considerable recognition as they have recently added The Meat Trade Journal’s Top Shop Award for Best Butchers Shop in the South West to the haul of awards already won this year.

Other successes include 9 Gold Awards for their home produced pies, sausages, home smoked and cured bacon at The British Pig Executive Awards 2005-2006 for the South West Region, 9 Gold Awards from the Wolverhampton & District Butchers Association and 3rd place out of more than 200 entries from all over the country for the BPEX Foodservice Sausage of the Year 2005 final.

Ends.
